Thanks, Kimi!

Just as a heads-up...

It is timely to have these comments fresh in our memory for our OST consultation meeting. Although these comments did not come from a tribal member, this woman was on the list of attendees on behalf of the OST for the cancelled June 24 meeting. We may hear this issue raised during the consultation meeting.

The AE comments came from a tribal member who was present at the 2017 hearing, but was not present at the 2019 hearing. She did submit comments in 2019, but nothing about the AE.

Hi –

Ex. 5 AC/DP

Please make any edits to this language and then I'll paste it into the EJ RTC.

Also need language for the response on the translator issue.

Thanks,
Kimi

I have not added it to the RTC.

Is this comment/response in the main RTC doc already? I'll probably have some edits to it. I was trying not to go back into the main RTC doc until everything is incorporated, just to be more efficient with time.

Hi Valois: thanks for starting to draft our response to this set of comments. I have edited and added language that hopefully addresses comments on all three concepts (human health, USDWs, and AEs).

Let me know if either of you have further edits, etc.
